hob•knob™ JUMBO

Following the success of their original Hob•Knob™ Solid Wood Wall Pegs, Three by Three Seattle has released new **Jumbo Hob•Knobs™**. These sizeable stunners add a bold, sculptural element to any space, and they're as functional as they are fun: their chunkiness is ideal for hanging hefty items like bags and other large accessories. The natural wood option complements any decor, while the painted color top version adds a bright statement.

"We loved the original Hob•Knobs™ and so did our customers," says Mary Burnett, VP of Sales. "It just made so much sense to offer them in a different style. By making them larger, we're really taking them from 'wall peg' to 'wall sculpture' and adding even more function."

Jumbo Hob•Knobs™ are sold individually in two sizes: 2.5 x 2.5 inch and 3.5 x 2 inch.
They are available in natural wood or painted navy, spring green, and red finishes.
